2009 Member Update Form
ISOMS Members...Get on our group email list today!

If you have an email address we can use, please let us know. More and more of our communications are being sent electronically. You can get news faster, reduce the amount of paper on your desk, save postage costs for ISOMS, and you can benefit from the brief electronic messages and reminders that we send to members periodically.

Please note: In the past, we have not shared, sold or distributed email addresses to others. However, effective with the fall 2009 publication, we will print the email address that is currently on file in the ISOMS membership directory books UNLESS you indicate that you do not wish for us to do so. This is for the convenience of our members. Some members have a personal and a business email address. Let us know, and we will print the email address of your choice, or NONE at all, if you so indicate. Once printed, they can get out to others.
